To: *Mr Chen Weizhong*

Thank you for teaching me Mathematics from 2017-2018. Although you were really strict during your lessons, you made me interested in Mathematics. I miss your lessons and wish you can continue teaching me in JC!. Without you, I won't be able to get distinction for both Elementary Mathematics and Additional Mathematics. I wish you all the best for the future and I want to let you know you've made a positive impact on me.

Thank you for always being there for me whenever I had school/personal problems and help me get through every single one of them throughout my 4 years in NSS. Thank you for teaching me a topic I do not understand despite the fact that I was not in your class anymore. Thank you for all the encouragement and support since 2015. HAPPY TEACHER'S DAY!!! LUV YOU!
